# Available Courses

Extend offer courses that are easy to understand and up to date with the latest industry practices. We offer the following courses - click each course for more details:

- **[EEHA Installation, Maintenance and Inspection](#)**
- **[HA Classification](#) + [HA Design](#)**
- **[HA Awareness](#)**
- **[EEHA Refresher](#)**

Note: We offer private face to face group training for 6 or more people. Please contact us for more information.

# Length, Content & Delivery

## LENGTH

Our courses are all available online, therefore there is no set time frame as the learning is self paced. Our remote delivery course for Engineer level candidates (HAC & HAD) is delivered over **5 days - Monday to Friday**. Learnings are self-paced with **2 - 3 hours of content delivered each day via webinar**.

Participants will have access to support from trainers and coordinators throughout the entire 5 day period.

## CONTENT & DELIVERY

**All material is delivered remotely** via our e-learning system, Litmos. Students will gain access to our e-learning system, where they can complete the course/s they are enrolled in. Each course includes a series of **modules** detailing the content delivered, with each module being followed by a short quiz. Relevant information for each course is available to download from the “Additional Resources” section. **Each module is self-paced** and can be completed with flexibility that suits you best. We also offer face-to-face group training for 6 or more people. One of our trainers will come to your facility and deliver the training. Extend Training will provide the relevant training materials.

# Course Fees

**Group & Corporate rates are available for multiple enrolments. Please contact us to discuss custom rates.**

Course fees for individuals are below (Ex GST):

- **Hazardous Area Classification (HAC) - \$2,500**
- **Hazardous Area Design (HAD) - \$2,500**
